Important Decision as to Expulsion from Militia Regiments.

### WIFE BEATING.

Penalty for Failure to Keep a Marriage Engagement.

The Court of Appeals has just decided a case which of the Supreme Court, affirming an order of Judge Donohue, discharging John T. Riley, a member of the Seventy-first regiment, from imprisonment in Ludiow Birect Jail. Riley, by a nearly unanimous vote of his company, was expelled, the Captain of the company voting in favor of his expulsion. Subsequently Riley was returned by the Captain to the regimental court martial for "delinquencies," and not having appeared to answer was fined by default by the president of the court, Captain Vantine. He was there-upon arrested for non-payment of the fine sol, Mr. Issac L. Sink, having applied for a writ of haboas corpus, obtained his release by order of Judge Donohue under such writ. The regiment, believing the order of Judge Donohue to be irregular, appealed to the General Term of the Supreme Court, where all the proceedings came up for review. There it was contended by Riley's counsel that having been expelled and diagraced, and having submitted to the action of the company he cessed to be a member of the regiment, and that therefore the regimental court martial had no jurisdiction over him. The General Term affirmed the order of Judge Donohue, but the regimen still feeling disastiated with the Court's decision appealed to the Court or Appeals from the beneral Term order, which appeal recently same up for argument before that tribunal it was there contended by Mr. Samuel Hand, sounsel for the regiment, that the act of the company expelling Riley was irregular, because the offence charged against him was not a violation of the company wid not act as president at the meeting when Riley was expelled, which, by the bylaws, he was required to do, and that in any event Riley was still a member of the regiment. On the other hand, it was contended by Mr. J. Sink, the relator's counsel, that whether the relator was expelled for cause or not did not ronder the act irregular, and that Riley was made to believe that he was expelled for cause or not did not ronder the act irregular, and that Riley was made to believe that he was expelled by being duly notified of the lace, and, further, that having submitted to the company's action and suffered the diagrace of expulsion the company could not now take advantage of its own wrong. The Court of Appeals has affirmed the order of the General Term, with costs.

A BELLIGERENT EX-POLICEMAN. On the 28th of March last Thomas Taylor, a laborer. Was entertaining the neighborhood in the vicinity of his dwelling, No. 333 West Thirty-ninth street, with a fight with his wife, when the services of Officer Eugene Beglin were called into requisition. Taylor rushed into his room, where he renewed his attack upon his better half, whose screams made the welkin ring. When the officer tried to arrest Taylor the latter armed himself with an axe and struck at him three times, one of the blows grazing his cheek. Then they clinched, when Taylor used his nails in scratching the face of the officer, who, however, with the assistance of Roundsman Fleming, succeeded in bringing him to bay. He was tried yesterday in the General Sessions. Taylor alleged that ne only used the axe in self-defence and cenied having struck the officer. He further stated that he had formerly been a sergeant for flow years in the British army and later on the police force in this city. On cross-examination by Assistant District Attorney Russell he admitted having served a term in State Prison for an assault on Roundsman Brice. The jury found him guilty and Judge Butherland sent him to the State Prison for three years. fight with his wife, when the services of Officer Eu-

The past two days of the time of the Marine Court, of a most interesting breach of promise suit, the Mary Van Cott and George Pote, of Washington Market. From the testimony elicited by Mr. William Market. From the testimony elicited by Mr. William F. Howe, the plaintiff's counsel, it appeared that Miss Van Cott met her admiring swain some lew years since, and that he paid his devoirs to her and asked her hand in marriage, after which he hetrayed her. The evidence for the detence was the girl was not, like Cassar's wife, above suspicton, but that she left her parents' house and was betriended by young Pots, who swore he never offered to marry her. Mr. Howe, however, appealed in a very impassionate address to the jury for the reparation of his cilent's wrongs, and denounced the defendant and his client's wrongs, and denounced the defendant and his witnesses in scathing terms. The jury after an impar-isal charge retired for deliberation and returned in the lours with a verdict of \$750 in favor of the plaintiff.

LONG ISLAND RAILROAD STOCK. Judge Sedgwick yesterday rendered a decision on the motion for a commission to examine Webster Snyder and an application for a stay in the execution in the suit brought by William A. Havemeyer and Mary O. Havemeyer, administrators of William F. Havemeyer, deceased, against John C. and Henry Havemeyer, which was brought by the plantiffs to recover damages for an alleged breach of contract in the sale of certain Long Island Railroad stock. Snyder's teatimony, it was asserted, could prove that the road was managed in good faith and for the benefit of the stock-holders and not for the purpose of enabling the defendants to sell their stock, as claimed by the plantiffs. On the contrary the plaintiffs assert that the motion is merely for delay. On the trial they recovered a verdict for \$80,711 50. The General Term of the Superior Court ordered a new trial, and they claim that any delay in the trial will seriously jeopardic their interests. Judge Sedgwick in a brief opinion denies the motion for a stay.

About a year age Messrs. Robert & James Cunning-ham obtained a contract from the city for laying Croion mains in First avenue, between Forty-eighth and Seventieth streets. One of the conditions of the contract was that there should be no claims against it when audited. Upon an affidavit of Auditor Jackson that this claim was not brought to the attention of the Auditing Department, Judge Donohue vacated the order referred to.

TRUANT GIRLS.

Before Judge Otterbourg, at the Essex Market Po lice Court yesterday, Joseph Rosenberg, a man about fifty years of ago, was charged with abduction. His alleged captives were there also—three girls of fifteen, fourteen and twelve years—Susan and Mary Ann Murphy and Millicent Lomas by name. Over a week has passed since they disappeared from their home at No. 21 Catharine street. They had gone to Madison o'clock to return home, but of their subsequent whereabouts nothing could be learned. Mr. Murphy. the tather of the two missing girls, made every effort to find them. A general alarm was sent out by the the tather of the two missing girls, made every effort to find them. A general alarm was sent out by the police, while the relatives of the children scarcaed high and low for them. Six days, however, slipped away without anything being heard of thom. Then a rumor reached their anxious friends that they had been seen entering the premises No. 45 kast Broadway, as sundown, on several occasions, and once or twice had been noticed leaving it during the day. The Murphys made inquiries about the piace and learned that it was occupied by Joseph Rosenberg as a bathing establishment. When questioned Rosenberg admitted that he knew the children by sight, but said that he had seen nothing of them, sad repeatedly assured father and son that they were not secreted in his place. They, however, persevered, and Rosenberg threatened them with arrest. This looked suspicious, and Officer Brady, of the Seventh precinct, was called upon to search the bathing establishment. With its owner he explored a maze of apartments, with trap doors, recesses and other mysterious accessories, and was about to give up his search when he noticed a closet in one of the bathrooms which he insisted on opening. There, stewed safely out of sight, the three children were found and restored to their parents. This was the story the prosecution presented as the evidence against Rosenberg. For his part he disclasimed any intentional guilt. The children, he said, had come to his place and remained there without his approval. He had endeavored to do so, and seemed resolved to abandon their home forever. This statement of Rosenberg seemed so peculiar, in view of the allegations against him, that it was determined to burther investigate the case. The children were given in charge of the Society for the Frevention of Cruelty to Children, who propose stiting the matter. The prisoner was admitted to ball till a further examination can be made.

## PARTNERS AT LOGGERHEADS.

Christian Eisig, of First avenue and 105th street, had a dispute with his partner, Joseph Westhelm, and the pair appeared vesterday in the Harlem Police Court to adjust their differences. Judge Flammer told them he could not interfere and the firm left the cour room only to renow their quarrol in the ballway. Officer Finnagan ordered them to desist, and when they reduced escorted them again into the presence of the magistrate. His Honor warned them not to commit a breach of the Deace, but when Westheim turned to go Essig selzed him and uttered an opproblem spithel. Westheim, now thoroughly aroused, began assuming a defensive attitude, when Sergeant Barrett interiored and reduced both combannis to submission. Judge Fiammer then directed Westheim to make a complaint against Eissig, which being done, this Honor sentenced the offender to one month's imprisonment, in default of a bond for good behavior.

The California Communists have decided not to hang their obstinate representative, Bones. They say he

is too idiotic.

Doorkeeper Fields says that he will administer his office according to the strict letter of the law. He has made no pledges or promises to any one. As regarded by the majority of the Western reput licans, the seconsion of the party from the adminis-tration would mean total deleat in the elections.

Mr. Wood in his tariff movement has the sympathy of Canadian public opinion. The Toronto Globe says that the present system is the cause of all the finan-

cial ills of this country.

There is a movement on foot in Washington Territory to form a State government and demand admission to the Union. The convention for the framing of a constitution will occur in June.

Mophistopheles undoubtedly rules in politics, and pernaps the contrasting names of the French Canadian factions are a proper recognition of his suzerainty. The Kentucky Legislature has reduced the rate of

OUR COMPLAINT BOOK.

A FILTHY STREET.

To the Editor of the Herald:

The attention of the Board of Health is called to the fifthy condition of Fortieth street, between Ninth and Tenth avenuer.

BASEBALL IN THE STREETS. TO THE EDITOR OF THE HERALD:-

I wish to call the attention of the police officers to the crowd of boys who congregate in Fifty-first street, between Fifth and Sixth avenues to play baseball. XEIGHBOR.

I desire to call the attention of Captain Ward to the ball blayers in West Fiftieth street. We are con-stantly annoyed by balls flying at our windows, and after school hours there is no officer to be seen. L. TOO MUCH DRILL.

Why is the National Guard compelled to drill from

two to three hours every week when the code calls for only one hour and a half? As a workingman I am not able to devote this time to military ex-roises. A MEMBER.

TO THE EDITOR OF THE HERALD:-

CARELESS WORKMEN. TO THE EDITOR OF THE HERALD:-Something ought to be done in regard to the care lessness of the employes on the elevated railroad. I was coming through Barclay street this (Wednesday) morning through Barcay affect this (wodnesdy).

morning when semething struck me on the shoulder
licoked to see what it was, and to my great astonishment I saw a hammer weighing at least fitteen pounds,
which, it it had struck me on the head, would have
killed me.

T. L. D.

THE INDUSTRIAL EXHIBITION.

Fo the Editor of the Heralds:—
I wish to make a complaint against the Industrial
Exhibition Company. I bought a bond some time ago
and paid all the money that I was worth at the time,
expecting to draw something, but I have not heard of
money or company since. I would like to ask if the
laws tolerate such a gross imposition on the neeple.
Some of the directors are fully able to pay back the
money.

FO THE EDITOR OF THE HERALD:- Will the HERALD through its "Complaint Book" call the attention of the Society for the Prevention of Cruelty to Animals to a wild man, styling himself "Doctor," who says he keeps a rabid dog to spread that dread disease, the rabies. This man should be looked after, as the recent cases of hydrophobia may be traced to him and his dog. My own Skys terrier suffers for its daily exercise since this bydrophobia man advertised himself through the HERALD. SECOND AVENUE.

A SUGGESTION FROM JERSEY.

To the Editor of the Herald:—
I live in Jersey City and use the Sixth avenue cars continually and expect to do so in spite of the elerated ratiroad, but it would be a very strong argument in their favor if they ran to our ferry at the foot of Desbrosses street. This they could easily do by running a low of their one horse cars through Watts street to West street, which would answer the purpose and involve only the extra expense of hyling three blocks of tracks.

COMPETITION.

WHAT IS HE DOING?

To THE EDITOR OF THE HERALD:It is now nearly one year since the American Popu lar Life Insurance Company passed into the hands of a receiver, and as yet no dividend has been paid to the policy holders. Is there not some way by which this matter can be expedited? The reteree made his report some weeks ago regarding the changed poli-cies. Can he not, through the press, give some idea of when he expects to dole out to the policy holders their pittance of what is left?

ANXIOUS POLICY HOLDER.

THE NEW TARIFF BILL.

TO THE EDITOR OF THE HERALD:-

Would it not be well to auggest to our mechanics and working people to call a mass meeting for the pur-pose of opposing the Wood Tariff bill, either kill it as pose of opposing the wood raris oil, either kin is as whole or let the duties on menufactured stricles remain as upon the pro-seat tarisf? It is a mischlevous position for Mr. Wood to take to say that American manufactures can compete, even, with foreign operatives, it is not the case. American mechanics and working people are down, down, now. How much lower does Mr. Wood want to place us?

A WORKINGMAN.

BARTENDERS VA. CAR CONDUCTORS.

To THE EDITOR OF THE HERALD:—
Your leading editorial on April 9 states that "burtoused" as a class are not any more honest than car conductors." Now, they should not be compared at all, for the simple reason that bartenders are not what you might call thieves. If a bartender makes money be makes it without "docreasing the revenue" of his simployer. A conductor cannot. What is the reason? A bartender making his own change works as though he had an interest in the business. He will seconomize to the last drop of liquor, and even saves for the proprietors.

TO THE EDITOR OF THE HERALD :-A commuter on the New Haven Railroad begs to call attention to the utter disregard of the rights of the inter company advertises to run in connection with the above rairroad, making specified landings on the way; but every new and then they make extra land-ings according to their own convenience, and, as the raport goes, are trying the experiment of economiz-ing in fuel and orgineers' wages, all at the expense the railroad passengers. E. S.

HORRIBLE CONDITION OF FRONT STREET. TO THE EDITOR OF THE HERALD:-

Please call the attention of Mr. Allan Campbell to the deplorable condition of Front street between Bookman and Fulton, especially on the market side. We think we have a right to ask this small favor of him, as we pay into the city treasury quite a large sum yearly, and the street where we have to load and quoload is a disgrace to a great city. We have made a number of compliance, but no attention has been paid to them. We now sek you to make an appeal for us, now ask you to make an appeal for u and receive the thanks of the SUFFERING MARKETMEN.

TO THE EDITOR OF THE HERALD:-I am tired of seeing the wholesale swindle, which is fally perpetrated by the pediers of the so-called "Alligator plant" from Florida or Georgia, which will grow or bloom in a glass of water. It is nothing but the sweet gum, or, as some call it, a species of but the sweet gum, or, as some call it, a species of cork tree. Of course it will bud if kept in water, so will a willow twig, but it is no alligator plant. Ask any of those who have purchased if they have not been swinded. I have asked the police why they do not arrest these boys as pedding without hoones and at late pretenders. They say they have done at, but have been asked by the Judge if they were not willing to let others earn a penny, and have been severely reprimanded for bringing in the pediers.

ONE WHO KNOWS.

BAGGAGE CHARGES ON THE PENNSYLVANIA BAILBOAD.

TO THE EDITOR OF THE HERALD:-

I wish to call attention to a very petty swindle imposed on sailors by the baggagemen at the Desbrosses atreet depot of the Pennsylvania Railroad. The rele is that all baggage laying unclaimed for twenty hours shall be subject to a charge of twenty-five contr pour shall be subject to a charge of twenty-dive coats for storage. That is right enough. Let me teil you of my case. I came from Philadelphia on the train arriving here at ball-past seven F. M., April 10, and as buggage had a canvas ong, the same as carried by all anilors. Yesterday, at three F. M., I called for it, and twenty-dive cents was demanded for storage. On my retusing to pay they would not deliver it to me and I was compelled to wait and then threaten to go for an officer. At last, seeing that I would not pay an unjust charge, it was thrown to me and I was told to get out or I would get fired.

SALLOR.

CONDITION OF THE SIXPENNY SAVINGS BANK. TO THE EDITOR OF THE HERALD :-

I am a depositor of the Sixpenny Savings Bank, and very much in need of my hard-earned money. Paere has been a great deal of noise and talk, and all to no purpose. Here is the question-is it justice that a receiver from Ulater county should be appointed to take charge of moneys belonging to poor people of New York without giving them any information or hope of what the result will be? This is dose in spite of all the depositors, who are willing to lose ten per cent of their deposits in order to get their money at once. In order to satisfy the Judge that such are the sentiments of the depositors let a int be opened and all depositors invited to call and sign the same, agreeing to accept ninety per cent in full of their claims. I venture to say that all signatures can be obtained in two weeks. If the appointment of the receiver in this case has not been made in order to put large less in his hands and burden the depositors under the mame of law let something be done at once. pointed to take charge of moneys belonging to poor

I, as a depositor, having upward of \$500 in the bank, do not believe there is one word of truth or sincerity in his statement. If he or any of the trustees means in his statement. If he or any of the trustees means business I will sell my account for eighty cents on the deliar. If all persons with \$500 and the self at a spear of the heak will do likewise, and those who had \$250 and less than \$500, will sell at a reduction of ten per cent, and those that had from \$100 to \$250 will submit to a reduction or sell at a discount of five per cent, I think that the bank will have every opportunity and be able to pay the balance of the depositors—who, I presume, are the poorer class—in full. If they don't mean business why agitate the subject in reference to the bank officials taking charge again? What they ought to do is to appear to the Legislature to reduce the fees of the receivers and compet them to make a detailed statement at stated times, or ask to have a law passed which will make savings bank trustees, directors or managers responsible for the payment of the receiver's less. As regards banks, we must not loss sight of the fact that there is a punishment for those wno violate the law, and it is our duty to be vigilant and see "that no guilty man escapes."
